DECAF COLOMBIAN

SINGLE ORIGIN

Rich walnut and dark cocoa notes with a creamy mouthfeel and soft acidity - all the coffee taste - but without the caffeine.

Gorgeous decaffeinated coffee, decaffeinated without the use of chemicals - using the supercritical fluid extraction method where the coffee beans are pressurised using CO2 to extract the caffeine.

Please note that 103-043 is the same coffee but has a slightly darker roast colour. This is shown on the flavour wheel as a black outline. Both the dark and darker roast have the same taste notes, with slightly different flavour levels.

What is Fairtrade?

Fairtrade is about better prices, decent working conditions, local sustainability and fair terms of trade for farmers and workers in the developing world. For more information visit info.fairtrade.net/sourcing
