

AUTOMATIC TAMPER UNDER THE GRINDER FOR ATOM

Match it with your Atom grinder to create an all-in-one solution to optimise your workflow and coffee counter space.

Main features & Advantages

- 1) High speed tamping:** just 0.9 seconds. Your workflow gains speed.
- 2) Automatic portafilter recognition** (thanks to metallic reader sensor): enhance speed and safety during workflow.
- 3) Pressing force customizable:** from 10 to 30 kilos, to get an even and consistent tamping.
- 4) Compact and modern design: designed to be placed underneath ATOM** to optimise barista's workspace.
- 5) Possibility to select between single or double tamping** (sequential): choose the tamping profile you prefer.
- 6) High-speed maintenance:** the "Clean mode" enables to lower and (possibly) remove the tamping disk.
- 7) Metal Body** combined with Rubbered feet: ensuring solidity and stability on the counter.
- 8) Universal fork,** easily adjustable in height, **compatible with any kind of filter holder** (single/double/naked).
- 9) Limitless tamps per day:** use it how often you need in your workspace.
- 10) Made to last:** designed to handle up to 200'000 tamps, to support high consumption shops and chains.

Available tamper diameters: 53 / 54,3 / 57 / 58 / 58,3 mm*.

***Standard configuration is available in 58 mm.
53 / 54,3 / 57 / 58,3 mm available as spare parts.**

Maintenance kit available:

- . Allen key for quick disassembly of the pressing disc.
- . Brush to clean hard-to-reach places

Brand:
Accessories

Range:
Tamper

 **Target:**

A barista or a home user that wants to speed up their workflow and obtain a reliable result in its coffee extraction, removing the pressing variable. Plus, it avoids unnecessary fatigue in high volume coffee shops.
