5 / 5

SAN ANTONIO

SUMATRA, LATIN AMERICA
ETHIOPIA & VIETNAM / INDIAN
ROBUSTA

An intense, dark roasted coffee with Arabica & Robusta beans giving a full rich bodied coffee with notes of milk chocolate, cream & hazelnut - well balanced with subtle citrus acidity. A nutty sweetness together with a cocoa bitterness.

Protecting the Environment

We all have to recognise and assess our individual impact upon the environment. Our new Air Roaster uses 30% less energy than a typical roaster and reduces wasted heat by recirculating it in a fully enclosed system. We have a catalytic converter to ensure that harmful gases released are reduced by around 96%. Committing further to minimise our impact on the planet we have moved our packaging to 100% curb-side recyclable. This new packaging still protects that fresh roasted taste.

Our beans are amongst the freshest on the market, being roasted to stock in the UK as opposed to importing roasted beans on a much longer timescale. Our Neotech roaster is more environmentally friendly, energy efficient and better than conventional drum roasters in that it can roast in specific small batches with unique roasting profiles that are able to compensate product variations and unfold the unique flavour of each individual coffee blend whilst reducing wasted heat by recirculating in the fully enclosed system.
