- Payment Connect
- Data Communicator

Areas of use

- Office floor solutions
- Seminar / conference facilities
- Breakfast room
- Catering
- Coffee to Go

Recommended maximum daily output 150 cups

The GIGA X3c allows JURA to impressively demonstrate Swiss innovation and professionalism down to the very last detail. Anywhere where a capacity of up to 150 cups is the order of business, the machine impresses users with its quality, functionality and reliability. Coupled with top performance in every respect, this results in a high-tech automatic coffee machine that is ideally tailored to the requirements of large offices, the breakfast, seminar and conference venue sectors as well as self-service areas.

The GIGA X3c features the new payment and management system Pocket Pilot 2.0. Pocket Pilot 2.0 allows both cashless payment and central machine monitoring without any additional infrastructure. This is made possible by Payment Connect, which is easy to install in the GIGA X3c. This web-based system is free and does not require any software to be installed. Once you have created an account for JURA Pocket Pilot 2.0, you have access to a comprehensive, user-friendly management system.

GIGA X3c

Technical overview

Specific advantages

Number of specialties	32
Speed function	■
Automatic Grinder Adjustment (A.G.A.)	■
Active bean monitoring	■
Automatic switchover from milk to milk foam	■
Transmitter supplied as standard	Smart Connect

JURA coffee machine standards

Pulse Extraction Process (P.E.P.®)	■
One-Touch function	■
Variable brewing unit	5 – 16 g
Grinder	Electronically adjustable ceramic disc grinder
