

TIMEMORE
for Espresso

IMPULSE IMPACT TAMPER

TAME YOUR TAMP.

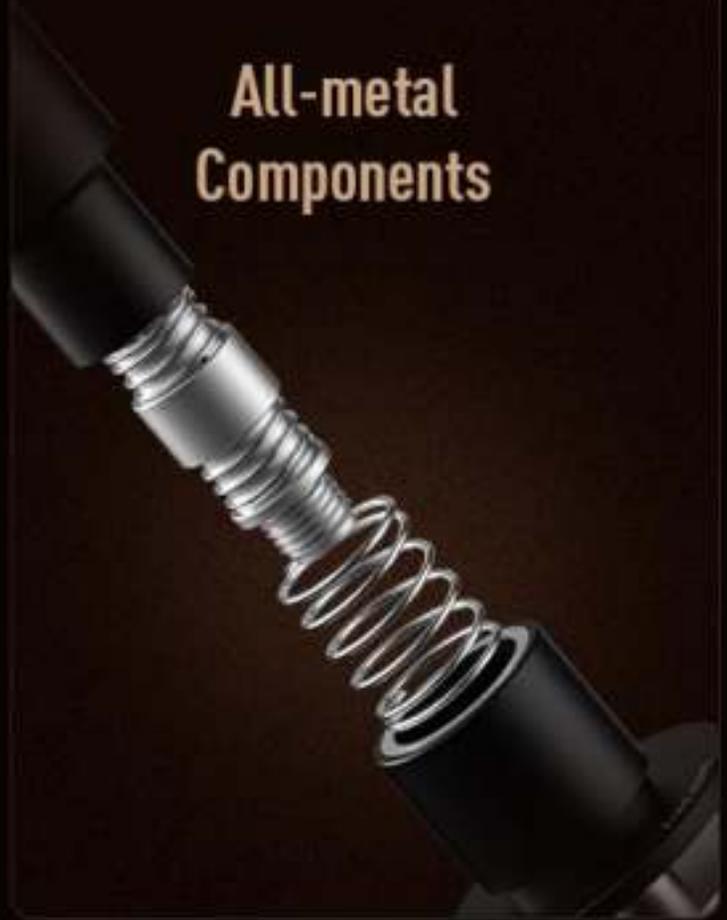

Force meets form with Impulse,
TIMEMORE's first impact tamper.

**Spring-driven
Impact Engine**

**All-metal
Components**

**XI Collar
for Even Tamps**

**Rated for
60,000+ Tamps**

Traditional tampers leave too much to chance.
So we built Impulse. It hits hard, stays straight,
and makes every shot the same
— no matter who's on bar.

A sleek, original design makes Impulse the perfect addition to any espresso setup.

SPRING ACTION FORCE ASSEMBLY

A system of springs work together to seamlessly deliver the perfect tamp.

IMPACT

Delivers stable, concentrated tamping force.

RESET

Auto-snaps the tamper back into position.

STABILIZE

Keeps the tamper upright in the basket.

ALL-METAL COMPONENTS

XL COLLAR FOR EVEN TAMPS

90° vertical compaction without deviation
reduces the probability of misalignment.

90° Force Distribution

SELF-LEVELING TECHNOLOGY

A broad 69 mm support surface maximizes contact with the basket for optimal balance and control.

69mm
collar
diameter

58.4mm
tamping
surface

ULTRA-FINE TOLERANCES

A sub-0.05mm gap between tamper and body locks in stability and prevents mechanical play over time.

Clearance Fit

<0.05 mm

RELIABLE PERFORMANCE

Tension builds, then breaks.
The release hits the puck clean and level
whether its your first shot or fiftieth.

AUTO-RESET MECHANISM

Dual springs drive a swift, satisfying return before your hand has even left the tamper.

THOUGHTFUL CONSTRUCTION

Anodized aluminum meets soft contours
and a rounded top for a grip that feels
natural in the hand.

ANTI-VACUUM FACEPLATE

Engineered to relieve vacuum pressure,
a chamfered lip ensures a clean release
without disturbing the puck.

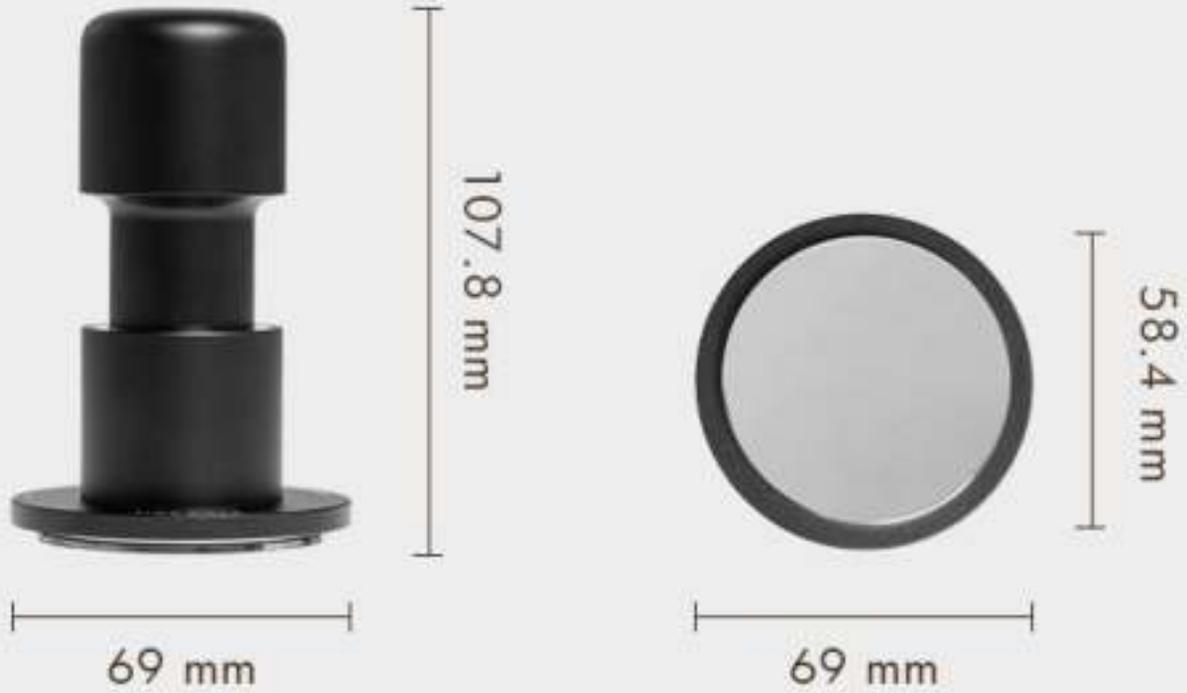

FITTED SILICONE BASE

A hardy mat protects the tamper from wear, while its scalloped design collects fines to keep your station clean.
