WHAT PEOPLE SAY

Kingdom Coffee were able to provide a coffee solution tailored made for our offices which has been a big hit with both our staff and clients alike. We have found the experience of working with Kingdom Coffee to be a very positive one with great customer service and very affordable pricing.

Edward Berks

Director of Platform Business
Xero UK

Having partnered with Kingdom Coffee since 2010 we have experienced the integrity and truth in their brand of 'Coffee with a conscience'. This is not only true for their customers with their top-quality products and outstanding customer service, but also is seen with their sector leading green credentials, providing only sustainable sourced cups, plates and cutlery that are recyclable and biodegradable. But Kingdom Coffee's conscience goes deeper and wider than this, with their choice to share their success by generously supporting projects that have life changing impact for children being forced to live and work on the streets of some of the most dangerous cities in the world. We are so very grateful – thank you Kingdom Coffee.

Nicky Paterson

Head of Philanthropic Giving,
The Toybox Charity

It is essential as a catering company that we have complete faith in our suppliers and Kingdom Coffee have over many years provided us with an outstanding service. From their diverse range of competitively priced Fairtrade and Organic products to their 'can do' attitude, I would thoroughly recommend them as a supplier.

David Smith

Director,
To-Go Micro Kitchens

Having worked with the Team at Kingdom Coffee for 2 years now, I cannot speak highly enough about the level of service and support that we continue to receive from all levels of the organisation from Director level all the way through to the warehouse, they are friendly and professional and always (as cliched as it may sound) go the extra mile when required.

Sean Bruce

General Manager,
Red Kangaroo Ltd

CONSCIENCE - NOT JUST A WORD.

Here at Kingdom we really do care. We believe that we must keep doing all the good stuff that supports the planet and its people.

COFFEE WITH A CONSCIENCE

- We have one of the largest choices of Fairtrade coffee.
- Roasting in Micro-lot, Artisan batch and Single Origin roasting.
- Our roastery is BRC Accredited, Soil Association, Fairtrade certified and Rainforest Alliance certified.
- Our Roaster is the most energy efficient in the UK and has a catalytic converter to manage carbon emissions.
- Our new technology involves the coffee being suspended in a steady stream of hot air. This results in a consistent, fully developed roast.
- Roasted every week.

ABOUT US

TEA & CHOCOLATE WITH A CONSCIENCE

Tea is the most popular drink in the world after water – 70,000 cups are drunk every second! Yet, too often tea workers struggle to get a fair deal. As the UK's largest Fairtrade tea brand, Clipper believe that every cup of tea counts. 'Natural, fair and delicious' isn't just a strapline; it's a guide to every decision Clipper make.

CLIPPER®
NATURAL, FAIR & DELICIOUS™

NATURAL

Clipper tea bags are filled with organic ingredients (good-bye pesticides, hello wildlife).

FAIR

As the world's largest Fairtrade tea brand, Clipper is supporting over 114,000 producers and their families to have access to education, medical care and help in old age.

DELICIOUS

Clipper source the best quality teas to ensure that every cup is special.

DISPOSABLES WITH A CONSCIENCE

Our disposable items do not cost the earth. We operate on Environmental Management. This ensures that we are regularly assessed and continue to improve our impact to our planet. We have a large selection of compostable and biodegradable disposables.

HOW TO USE & MAINTENANCE**

SIMPLE - FILL MANUALLY, **PLUG AND GO** COFFEE PERCOLATOR

The percolator allows you to brew large quantities of coffee quickly and easily – just fill the percolator manually with the desired quantities of water and ground coffee. At the end of the brewing cycle, the percolator switches automatically into keep warm mode. The stainless steel tap allows you to dispense the right amount of coffee. The gauge glass indicates the amount of coffee remaining in the container. The coffee is kept warm as long as the percolator is switched on. The moulded handles allow you to move the unit around.

- Made of double-walled stainless steel
- Stainless steel tap and filter
- Shatterproof gauge glass
- Boiling-dry safety mechanism
- Clear on/off switch
- Automatic keep warm mode
- 1 years parts warranty

CLEANING FOR BEAN-TO-CUP MACHINES

Great coffee, tea and hot chocolate all begin with a well maintained machine. Prevention is better than cure so to ensure you continue to enjoy your coffee without interruption the daily cleaning procedures demonstrated at the time of installation must be followed to the letter. The use of manufacturer's recommended cleaning products is essential in achieving the best results and abiding by the terms of the manufacturer's respective warranties.

We also supply complete water filtration systems and replacement cartridges for all plumbed in and tank filled models.

To protect your machine from scale damage please refer to page 54 for full details on our brand leading systems and replacement cartridges.

LEASE PURCHASE

Kennet
EQUIPMENT LEASING

BALANCE YOUR START UP COSTS BY FINANCING YOUR NEW EQUIPMENT THROUGH A **LEASE PURCHASE AGREEMENT**

57

We understand that there are a great many costs in operating a business or when starting one from scratch. To enable you to free up additional capital that would otherwise be spent on the outright purchase of equipment, we can offer you a finance option, thus spreading the cost over a period of one to five years. Typically 3 years.

Lease purchase is an ideal way of reducing your initial outlay by making monthly payments over a period suited to you, with the opportunity to purchase the equipment once the agreement has been completed for a nominal fee, typically equivalent to that of one month's additional rental.

Kennet Leasing will guide you through the entire documentation process which is a simple and quick to complete. Offering the most competitive rates and excellent customer service, Kennet Leasing can find a fixed term agreement ideal for your business. So if you are expanding your operation or need a machine upgrade through financing, Kingdom Coffee together with our finance partner Kennet Leasing will have the answer.

The outright purchase cost of the equipment shown below is **£2320.59 ex.vat**

Monthly Lease Purchase repayment cost: **£78.90 ex.vat**

Daily Lease Purchase repayment cost: **£2.59 ex.vat**

FINANCE EXAMPLE

ONLY £2.59 ex.vat PER DAY

When you consider the average purchase price for a 12oz Latte if £2.50 at a cost to you of just £0.33, the sale of two coffees would cover the daily cost of your new equipment. So if a finance option appeals to you, please call us for an obligation free quotation.

TOYBOX IS CHANGING THE WORLD FOR STREET CHILDREN IN GUATEMALA WITH THE MISSION TO END THE INJUSTICE OF CHILDREN LIVING AND WORKING ON THE STREETS

KINGDOM COFFEE DONATED £50,000 OVER THE PAST 5 YEARS

OUR AIM: £100,000 in 10 years

GREAT WHEN DOING SO

58

We've teamed up with Toybox to deliver our most ambitious project yet, supporting 100 children in Guatemala with food and outreach worker support in an area that has recently been described as "one of the worst places in the world to be a child" (Telegraph).

In Guatemala, the number of children living and working on the streets is alarmingly high. Many children are orphaned or forced to escape to the street after suffering abuse and neglect at home. Others have simply been abandoned by families who do not have the resources to care for them. On the street, vulnerable children are met with the daily horror of living amongst widespread violence, in a country with one of the highest national murder rates in the world. Often, these children are no more than 7 years old and are visibly malnourished. Some of them will not have eaten for days. Malnutrition is extremely dangerous. It seriously harms the development of younger children's brains and damages their future prospects irreparably. Prolonged hunger is also physically agonising – people talk about hunger pains for a reason.

OUR PARTNERSHIP WITH TOYBOX

Kingdom Coffee is a partner with Toybox in delivering this life-changing work in Guatemala. With a donation this year of another £10,000 this will enable Toybox to:

- ♥ Provide the resources needed for the street outreach team throughout 2020. Conduct 240 visits to the children in the most high-risk areas in Guatemala City.
- ♥ Deliver 100 children across the city a warm and nutritious meal each week, something they desperately need.
- ♥ Cover the costs of two street outreach team leader salaries, who can ensure the programme is run as effectively as possible.

Your continued support of Kingdom Coffee means that we can fund vital projects such as this so **THANK YOU VERY MUCH!** You can follow updates from our charitable partners via our website, Facebook and Twitter feeds.

KINGDOM COFFEE WORK IN PARTNERSHIP WITH **BySea** COFFEE

BySea donates 100% of its profits to Sailors Society. All proceeds go towards supporting the 1.6 million seafarers and their families around the world. BySea has helped towards:

375,000+

Sailors' Society chaplains reached out to more than 375,000 seafarers and their families in one year.

29

Sailors' Society now has representation in 29 countries around the world.

91

Sailors' Society have a presence in 91 ports across the globe to support seafarers.

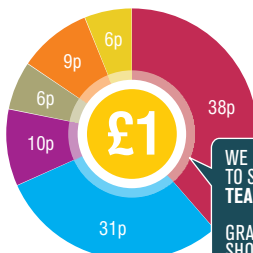

4

Sailors' Society was able to build 4 health centres after Typhoon Haiyan hit.

Kingdom Coffee is delighted to continue its decade-long partnership with **LATIN LINK** supporting their work through projects in Colombia and Costa Rica, bringing hope to communities living in poverty. During that time, Kingdom Coffee has donated over £19,000, from matching donations made at the Christian Resources Exhibition and from sales of their Pura Vida Coffee. This money has supported projects in Guatemala, and most recently Colombia and Costa Rica. Vive Foundation in Colombia works to transform the lives of thousands of children affected by conflict and poverty, as they facilitate children's clubs. The Los Guido Community Centre in Costa Rica equips people with life skills, to help tackle the problems of poverty and unemployment.

Kingdom Coffee continue to support Tearfund in their work to end poverty in over 50 of the world's countries.

To help **TEARFUND** to set up new groups through the Kale Heywet Church in Ethiopia we made a plan with our Café Tesfa (Hope).

SUPPORTING OUR COMMUNITY!

KINGDOM COFFEE is proud to support Pangbourne College and the Nabugabo project.

HUGE stands for **Helping Uganda Educate**. This charity has been set up to make a difference to children in Uganda. Who through no fault of their own can't go to school, are malnourished and have no access to normal health facilities.
